FEATURE YOUR HOME IN SA HOME OWNER MAGAZINE

SA Home Owner is a leading home decor magazine showcasing luxury South African homes, and offering decor and lifestyle features. We bring you the latest architectural designs, renovations, home-related products, current trends and inspirational reads, for kitchens, bathrooms and interiors.

Should you be interested in showcasing your beautiful house in SA Home Owner magazine, contact our property coordinator, **Marlize du Rand**, on **071 854 1671**, or email her at **durandm@sahomeowner.co.za**

Please note: SA Home Owner has very specific parameters regarding which homes we feature, and all properties should be valued at R5-million and above.

Privacy policy: We have a very strict privacy policy in place, to ensure that the identities of home owners and locations of their homes are never published in the magazine. As such, we will remove from any of the photos taken: personal photographs representing family members, references to names and areas found in the home, and street numbers and names. Our articles are written from a design and decor perspective; however our writers may contact you to get some background about your home, your inspirations behind its creation, etc, to make the article more personal. Should you be one of the suppliers to your own home, and would like your company name featured, we are happy to accommodate this as well, and will need your consent to publish any names, in writing.
